

# SLT at Start Cup Veneto 2017

SLT will participate with Dr Andrea De Muri at the Start Cup 2017, in cooperation with Universities of Verona and Padua.

Technology transfer and new ideas are part of innovation's engine, and SLT dedicates to this area all possible energy and enthusiasm.

Andrea De Muri will take on the role of "angel", and in cooperation with Dr. Maurizio Pizzamiglio and Dr Jasmine Rossin will guide one of the selected ideas to the final competition.

We will keep you all updated.
